

APSI-SPANISH LANGUAGE FOR NEW TEACHERS (0 to 3 years experience)

JULY 2012

Dear Participants:

I wish to take this opportunity to welcome you to our Spanish Language Summer Institute in July at Woodward Academy. In addition to the books and other materials which I intend to give you, I would welcome the chance to see what you are doing in the Spanish language classroom, through examples of your "best practices", i.e. those methods which you use regularly to help your students, (pre-AP classes or AP classes) and those which you can share with other colleagues. You need only to prepare your copies electronically; when the time comes, you will send them to all of us when we are at Woodward.

Since we will have an electronic classroom, please bring a laptop with you each day to the institute.

You may contact me at any time prior to the institute at cbutler131@aol.com, fbutler@stetson.edu or at 386-822-7293 (office phone).

Sincerely,
Dr. Fred A. Butler
